5.1.2 Receive through an e-mail, personal access codes ('the Access Codes') to enable him/her to log-in to the trading platform(s) in order to send and/or modify instructions for the purposes of trading financial instruments.

5.2 The Software, which may have been developed by a party other than Aristrex, supports data security protocols compatible with the protocols used by the Firm.

5.3 The client shall be solely responsible for any instructions sent and/or received through the trading platform(s) using his/her personal access codes.

5.4 The client shall ensure that his/her Access Codes remain confidential at all times. If, under any circumstances, the client reveals the Access Codes to a person other than his/her authorized representative, or that any person obtains (illegally or otherwise) a client's Access Codes, the Firm shall bear no responsibility for any loss that arises, including but not limited to financial loss, as a result of the client's actions.

5.5 The client shall immediately inform Aristrex if it comes to his/her attention that the Access Codes have been used, either for trading or other purposes, without his/her express consent. The client accepts that Aristrex is unable to identify any instances when a person is logging-in to the trading platform(s).

5.6 The client accepts that Aristrex reserves the right to terminate the client's access to the trading platform(s) in order to ensure and/ or restore the orderly operation of the trading platform(s) under such circumstances Aristrex may, at its discretion; close any of the client trading account(s), according to paragraph 7.5 of the Client Agreement.

5.7 The client accepts that Aristrex reserves the right to immediately terminate the client's access to the trading platform(s) in the event that the client voluntarily and/ or involuntarily partakes in arbitrage

5.10 The client accepts that the Firm bears no responsibility for any loss, including but not limited to financial loss, incurred by the client due to the inability of the latter to access the trading platform(s) if this has been caused: (i) due to the Client's failure to maintain the Software updated as required or (ii) due to any other mechanical, software, computer, telecommunications or electronic system failure that could have been controlled by either the client or the Firm.

5.11 Aristrex is responsible for maintaining its trading platform(s) and other related systems updated; therefore, the client accepts that the Firm or a relevant third party may, from time to time, perform maintenance that may include shutting down, restarting, or refreshing the servers to ensure the effective and efficient operation of the trading platform(s) or other related systems; these actions may cause the trading platform(s) or other related systems to being inaccessible for a period of time. The client accepts that the Firm bears no responsibility for any loss, including financial loss, caused due to any of the actions referred to in this paragraph.

5.12 The client accepts that Aristrex is not an internet service or electricity provider; consequently, the former accepts that Aristrex is not responsible for any failure to provide an investment or ancillary service, under paragraph 6.1 of the Client Agreement, if such failure arises as a direct or an indirect result of an internet service or electricity failure.

The client accepts that at times of excessive transaction flow there might be some delay in connecting over the telephone with a member of the Dealing Department, especially when there are important market announcements.

5.14 The Client understands and agrees that Aristrex is the sole counterparty and therefore the Client will not bring any legal action, whether in tort, including negligence, breach of contract or otherwise, to any third party software and/or technology providers whose products and services assist in providing the platform to the Client.

Appendix I

Instructions and orders relating to MetaTrader 4

Transmission of Instructions

Aristrex shall agree in receiving instructions that have been transmitted only through the trading platform(s) or other electronic means determined by the Firm at the outset of the *Client Agreement*.

Aristrex shall, under certain circumstances, accept instructions by telephone or in person, provided that it is fully satisfied of (i) the client's identity and (ii) clarity of instructions; for further details read the 'Recordings of Telephone Calls' section of the Client Agreement.

Aristrex shall, at its discretion, confirm the instruction(s) received by the *client* if it deems that to be necessary.

The client accepts that the Firm bears no responsibility for any instructions that may be misinterpreted due to a technical or other error.

If margin is available in a client trading account, Aristrex shall execute all instructions, subject to any restrictions included in these Terms and Conditions. Aristrex accepts no liability for any loss, cost, claim, demand or expense arising from any instruction sent by error.

The *client* accepts that unless he/ she informs in writing Aristrex regarding the termination of the authorized representative, the Firm shall continue accepting instructions from the latter; such instructions shall be (i) valid and (ii) fully commit the client. In case the client needs to terminate the authorized representative the former shall provide the Firm with a written notice of 2 (two) business days

The *client* accepts that once Aristrex receives instruction(s) for trading financial instruments such instructions are final and cannot be cancelled or deleted, except where the Firm expressly agrees in its sole discretion to such cancellation or deletion.

Quotes

Aristrex shall, at all times subject to instances outside the control of the Firm, transmit Quotes through the trading platform(s) that are executable according to the client's instructions.

On the basis of paragraph 2.1 of the *Client Agreement*, Aristrex shall determine at its discretion the Quotes that are executable and appear through the trading platform(s). The *client* accepts that he/ she shall disregard any bid and/ or ask prices quoted through any other system and/ or tool other than Aristrex MetaTrader4.

The client accepts that Aristrex is solely responsible for determining the validity of the Quotes at any given time; therefore, the Firm reserves the right to send the client a re-quote, including but not limited to situations of high market volatility, if the former deems that to be necessary. Under the above mentioned circumstances, the client may either accept or reject the re-quote.

Order Types

The *client* may send instructions for either:

- An instant execution order; and/ or
- A pending order.

In terms of pending orders the client may send an instruction for:

Buy Limit:

An order to buy a CFD at a specified price lower than the current market price.

Sell Limit:

An order to sell a CFD at a specified price higher than the current market price.

Buy Stop:

An order to buy a CFD; the price is set above the current market price and is triggered when the market price reaches the buy stop instruction.

Sell Stop:

An order to sell a CFD; the price is set lower than the current market price and is triggered when the market price reaches the sell stop instruction.

It should be noted that a stop loss and/ or take profit may be attached to an instant execution or pending order.

For further details regarding the above, please refer to the Aristrex 'Order Execution Policy'.

It should be noted that the status of an order is available, at all times, through the trading platform(s). If the client is unable to access the trading platform(s) he/ she can be notified of the status of an order by contacting the Dealing Department by telephone on +6087-414733.

The *client* accepts that under certain trading conditions, including but not limited to situations of high market volatility or illiquidity, it may be impossible for Aristrex to execute pending orders at the declared price; under such conditions, the Firm reserves the right to execute the order or modify the opening and/ or closing price to provide the next available price. It should be

Noted that:

- (i) If a pending order is executed at the next available price and as a result

(ii) The stop loss and/ or take profit instructions are no longer within the levels referred to in the contract specifications -available online at <http://www.aristrex.com> - the stop loss and/ or take profit instructions shall be cancelled.

The *client* understands that if conditions described in this paragraph materialize, a stop loss instruction attached to a *pending order* may not limit the client's potential loss to the intended amount given that Aristrex may be unable to execute at the *declared price*.

The Firm, at *margin level* of less than 25% (twenty-five), has the discretion to begin closing positions starting from the most unprofitable one. The Firm, at margin level of less than 20% (twenty) ('Stop Out'), is automatically closing positions at market price starting from the most unprofitable one.

The *client* accepts that Aristrex bears no responsibility for the download, installation and use of any trading related solutions such as expert advisors or trailing stops; if it comes to the attention of the Firm that the *client* is using any such solutions the former has the right to terminate the provision of investment and ancillary services to the latter, under the 'Termination and Default' section of the Client Agreement, in order to protect the orderly operation of the trading platform(s).

The *client* should bear in mind that in terms of volume financial instruments, traded through the trading platform(s), are measured in lots and the minimum volume of a transaction is 0.01 *lot*, *unless otherwise indicated in the contract specifications of a product*.

The *client* shall set the leverage that may range from 1:100 to 1:500, during the account opening process and he/ she may send a request to amend the leverage level, at any time, direct email to support@aristrex.com . It should be noted that the Firm shall monitor the leverage applied to *client's* positions, at all times; the Firm reserves the right to decrease the leverage depending on the *client's* trade volume.

In the context of MetaTrader 4, it should be noted that every Friday, during 09.00 and 24.00 server time (GMT+8), and during any other timeframe specified by Aristrex -subject to a notification sent to the *client* through the internal e-mailing system- the maximum for opening a position shall be 1:100. For further details, please refer to the 'Leverage (or Gearing)' section of the Client Agreement.

Aristrex reserves the right to amend, at any time, the contract specifications of such financial instruments, available online at <http://www.aristrex.com> , in order to respond to a number of situations including but not limited to specific market conditions. The *client* is liable for ensuring that he/ she remains informed, at all times, regarding the latest contract specifications.
